PROFESSIONAL SUMMARY

Operations leader and digital marketing professional with experience leading multidisciplinary teams, coordinating client campaigns, and researching B2B and M&A prospects. Built practical tools for performance tracking and workplace recognition, and founded Mad Buddy. Combines client communication, data quality, web development, and visual design with a hands-on approach to solving everyday problems.

CORE SKILLS

Operations & client support: Team supervision, campaign coordination, account management, client communication, scheduling, reporting, and workflow improvement.

Lead generation & research: B2B and M&A prospecting, LinkedIn Sales Navigator, Endole, company research, data enrichment and validation, email marketing, and copywriting.

Digital & creative: Google Sheets, Microsoft Office, WordPress, Adobe Photoshop, InDesign, XD, Premiere Pro, social media management, graphic design, and video editing.

PROFESSIONAL EXPERIENCE

Operations Officer | TouchForce Ltd Ghana

Accra, Ghana | August 2024 - March 2026

- Managed day-to-day delivery for lead generation campaigns and coordinated client requirements with the team.
- Led teams across account management and support functions, maintaining performance standards and overseeing quality control.
- Developed reporting and workflow systems, identified process bottlenecks, and improved communication between teams.
- Maintained client relationships and translated campaign data into clear performance updates.

Business Partner | FlowmingoAI

Remote contract | September 2025 - Present

- Connect businesses and candidates with an AI-powered interview platform and explain how it supports recruitment workflows.

Senior Account Manager | TouchForce Ltd Ghana

Accra, Ghana | July 2023 - August 2024

- Led an account management team, oversaw client relationships, and coordinated tailored outreach campaigns.
- Researched prospects using LinkedIn Sales Navigator and Endole; arranged meetings between clients and potential business partners.
- Created a Google Sheets system to track employee efficiency and make daily work easier to manage.
- Worked with sales and marketing teams to refine targeting, maintain client communication, and improve campaign delivery.

EARLIER EXPERIENCE

Digital Marketing & Graphic Design | Sambus Geospatial Ltd

Accra, Ghana | October 2021 - October 2022

- Managed social media accounts and supported content planning, newsletters, and article writing.
- Produced more than 200 designs for social media publications during the graphic design assignment, September - October 2022.
- Edited and published videos across company social platforms and contributed to online audience growth.

Graphic Design Intern (Web Support) | Complete Farmer

Accra, Ghana | June 2018 - August 2018

- Supported the web designer with image sourcing and Adobe Photoshop preparation, including background removal.
- Collected GPS coordinates for a farm and gained introductory experience in UI/UX design and Python.

SELECTED PROJECTS

Mad Buddy | Founder & Creator

Product development

- Built a social app that helps people connect in real life through privacy-safe proximity, deliberate discovery, and shared plans.
- Work spans product design, web and mobile experiences, and ongoing application development.

Workplace Gamification & Rewards System

Operations improvement

- Built a recognition system using Google Sheets records, fair competition, and team celebrations; added duplicate checks and validation as the system evolved.
- Reported a 65% increase in appointments and 98% active system usage after three months in a public LinkedIn project write-up.

EDUCATION

Master's degree in Marketing - in progress | University of Ghana Business School

2025 - Present

Bachelor of Arts, Geography & Resource Development and Political Science

University of Ghana | 2017 - 2021

PROFESSIONAL DEVELOPMENT

Cold Emailing for B2B - Udemy (2025); What is Graphic Design? - LinkedIn (2022); Graphic Design Theory - Udemy (2019). Additional study: digital marketing and UI/UX design with Figma and Adobe XD.

ADDITIONAL REMOTE-WORK CAPABILITIES

Customer service and administrative support; virtual assistance and meeting scheduling; online research, data collection and data entry; AI training support through instruction following, written response review, data annotation, and quality checks.

Comfortable working with structured guidelines, checking information for consistency, and communicating clearly with clients and team members.
